

## EVELYN ARMSTRONG

Evelyn is part of a painting workshop with a group of artists called the Byre Group, which is now in its 16<sup>th</sup> year. Her work has often been a complete sell-out with Carina Haslam in London, since she started showing in 2001.

Evelyn has recently been accepted as a *Glasgow Women Artist* member and exhibited at their Small Paintings Exhibition.

*'Having been brought up with an artist mother in Scotland I have always been interested in the colours of the Scottish landscape particularly in the winter months when the east wind blows and the clarity of the air make the mountains shine. In the summer months I join my husband on his fishing trips which take us all over the highlands and islands in fair weather and foul. I am very passionate about painting and sometimes use my fingers to apply the paint, making the experience all the more enjoyable'*
